Dear Ladies and Gentlemen:

I understand that the U.S. Federal Communications Commission is being asked to dismantle our highly successful "No-call" list. Please do all you can to prevent this. My wife and I are extremely pleased with the program since it was implemented last year and would certainly be upset to have it degraded. I will be contacting our first district Congressman Paul Ryan to ask him to intercede.

Sincerely yours,

Please protect Wisconsin's No Call List as it currently exists.

Allowing telemarketers to call my home is a direct attack on my right to privacy. I detest those call so much that I have vowed that I will never purchase a product from a company that has approached me in this way.

I choose to have a telephone and I pay a monthly fee to have it and I should have a choice as to how it is used. I do not wish to have any telemarketers call me on my phone.

I also have placed my mother on the No Call List, and I am particularly concerned about her if telemarketers are once again allowed to call her. Those calls allow complete strangers to discern that she is elderly and alone and they try to collect information from her that she should not give them. Wisconsin's senior population should be allowed to live peacefully without the danger of strangers calling them.

Please protect all Wisconsinites from the scourge of telemarketers!

Sincerely,

Dear Sirs,

Our family heartily endorses your effort to prevent the dilution of the Wisconsin statute which so greatly decreased the intrusive, objectionable telephone solicitations reaching our home. We understand that protective law to one of the most sweeping and effective among the states.

If anything the Wisconsin law left larger "loopholes" than desirable, the exceptions for political and charitable solicitations. We got deluged with political solicitations from both sides during the recent too long presidential election.

Speak vigorously to the FCC against efforts to have federal law set a lower standard for privacy in Wisconsin homes.

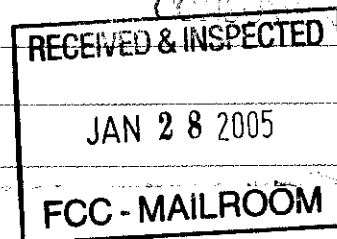

Very truly yours,

We would like to voice our comments on the Wisconsin No-Call List. We definitely prefer to leave it as is or even make it stronger. The Federal Government should keep their nose out of our business regardless of what state people live in.

The Federal Government doesn't have the ability to properly take care of Federal Government business. Leave Wisconsin and other states alone when it comes to telephones and other state business.

Our telephone number is 262-673-2153 and we live at 2345 Hall Road, Hartford, WI 53027. It should be illegal for a telephone company to list your telephone number in a phone book. We requested an unlisted number from SBC or just leave our current number out of the phone book. They said it would cost us \$10.00 per month to have an unlisted number. That is just outrageous.

It has been brought to my attention that there is a bill in Washington that proposes the "No Call List" be brought under Federal guidelines to be the same across the nation. I also understand that this proposal greatly weakens the current State of Wisconsin existing laws.

My wife and I strongly oppose this proposal. We, along with the rest of my family, as well as my neighbors, feel the law should be left as it is, under the State of Wisconsin's jurisdiction. Thank you for listening.

As a lifetime resident of the state of Wisconsin, I urge you to retain our current "Do Not Call List" Laws. It's unfortunate that an outside group (Consumer's Banking Assoc.) is requesting the FCC to impose the weaker Federal law on our state for business reasons that would only benefit them.

I and every single individual who signed up within our state, do not want to be bothered, bombarded, pestered with ongoing telemarketing calls. It's bad enough that our postal delivery mail is full of ~~them~~ "Marketing" mail along with all these emails we get.

We all ask for your assistance in notifying the FCC that we want our state law to remain as is since the federal law is not strong enough.

I am writing to support your efforts on behalf of the consumers of Wisconsin concerning the "No Call" list. In the previous two years we were not listed on the "no call" list, and during that time received hundreds, if not thousands of unwanted calls. As of January 1, 2005, I request that we would be part of the million plus residents of Wisconsin, who have opted to have their names part of that list. Since I am home most days, I enjoy the fact that I am no longer receiving the unwanted phone intrusions. I like the way our state has provided us with an option that works very well in Wisconsin. To Whom This May Concern;

When I saw on the local news that they may take away our DO NOT CALL list, I was outraged!

I consider my home to be my sanctuary. I pay the taxes on it. I pay the insurance on it and

I pay the heat bills and the phone bill. I also pay taxes on my cell phone bill. I DO NOT want

people calling me in my Sanctuary trying to sell me something and disturbing the peace and quiet that I have worked so hard for.

Is there no where that is sacred?? No where we can escape from being pressured to buy something we do not want.

I do not feel sorry for these people who have chosen this line of work as their way of making a living.

I will never ever buy anything over the phone and I resent have my privacy taken from me.

Before these bills are passed, the people that they effect should be consulted and allowed to vote.

I am sure NO ONE would vote to have people calling them on their cell phone, using up our allotted

calling time to try to sell us something,. Whoever is pushing this thru is NUTS!!! LEAVE US ALONE!!

We're residents of the state of Wisconsin, and my husband and I are on the States "Do not call" list for telemarketers.

If we're looking for goods, or services our motto is, "Don't call us, we'll call you." We're very capable of picking up the phone ourselves to find what we need. We don't feel it's necessary for the Federal government to undermine a functional regulation instituted by our state.

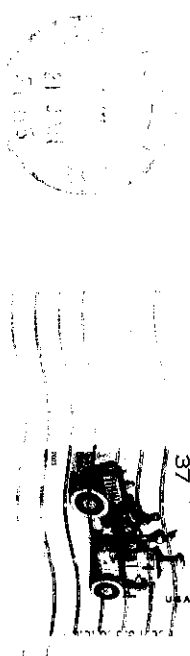

Please, don't dilute, or change the State of Wisconsin's regulations for our "Do not call list."

My husband and I do not want  
the Wisconsin Do Not Call list  
weekend. We should see silent  
telephone! Please do not let our  
Wisconsin law get shot down by  
business groups we don't want to  
hear from! When we are involved  
in a certain product or service,  
we will initiate the call.

Thank you.

Please leave the No Call list  
in effect for Wisconsin.

It is one of the most worth-  
while pieces of legislation to  
be passed in Wisconsin!!!

Again we are happy with  
the way it is - leave it alone

I am writing to continue the current provisions of Wisconsin's "no-call" statutes.

I am concerned about The Consumer Banking Association's wish to weaken these provisions and support the strong protections currently in place for Wisconsin residents. Thank you.

Consumer Protection,

Please keep the State  
Do Not Call - Don't let the  
Consumer Banders loose, get  
it.

We are already being bothered  
with survey calls even at 9:30pm,  
Hofker like another way to  
get thru to people or around the  
situation.

We appreciate your time!

Thank you,

I DON'T WANT FEDERAL LAWS (that were  
paid for) taking away my right for yet  
another reason!

PLEASE KEEP WISCONSIN DO NOT CALL LIST  
ALIVE and well.

On behalf of my family, I am writing to tell you that bankers, or anyone else, should NOT be allowed to ignore the Wisconsin DO NOT CALL list. That list represents the wishes of 3 to 4 million people. These people had to make an effort and go out of their way to get their name put onto the list, and have to renew that commitment from time to time. The decision to be on the list affects only the person who chooses to have their name put on it. It is a VOTE from the citizens that says they do not wish to be bothered in the privacy of their homes.

Since we signed up to be on the list I am very happy to report that all the unwanted calls to our home have stopped. I can't tell you how nice it has been to know that when the phone rings it's a call from some one who knows us, not a stranger trying to push their unwanted products off on us. Our decision to be on the list has no impact on any of our friends and neighbors who do not wish to be on the list.

If bankers, or anyone else, want to contact us they can use the United States post office. They do a fine job delivering junk mail (and why do you think it's called junk?) and would enjoy having the business. We know how to use the many resources available to contact businesses when we want products or services. We do not want junk phone calls to our homes.

Do not weaken the Wisconsin Do Not Call list. The citizens of Wisconsin have spoken.

Sincerely,

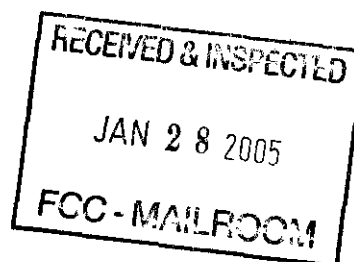

Linda Bossow

Dear Consumer Protection:

I heard on the television that you are considering removing the state rules on the No Call List.

Please do not remove the state rules.

Before the No Call List went into effect, the phone was ringing all the time interrupting what I was doing. I would answer the phone and it was someone calling to ask me to buy something. If I want to buy something, I would not purchase something sight unseen.

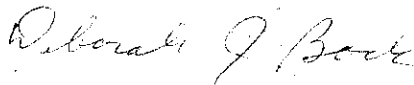

As it is, I get enough interruptions asking me to donate to this cause or that cause. I wish you could do something about that, however I understand that this is allowed.

If there is going to be a nation wide law regarding the No Call List, please try to make it the rules of the Wisconsin No Call List.

Again, please do not remove or change the Wisconsin No Call list.

Thank you for your time.

Sincerely

Deborah J Bock
